

AGSM MBA Full-Time Class of 2026

Foreword

On behalf of Career Accelerator @ AGSM, it's my pleasure to introduce you to the 53 individuals comprising our Full-Time MBA 2026 cohort. This Profile Book provides an opportunity for you to get to know the 2026 cohort as they embark on their studies, and we encourage you to engage with them on a regular basis as they consider their post-MBA career prospects.

Joining us in May from 25 countries, this diverse and talented group will graduate in 2026 following 12 months of experiential and industry-aligned curriculum, extra-curricular activities, and a rigorous career development program that encourages students to explore opportunities, develop their skills and achieve their post-MBA goals by testing their learnings in real-world settings while they study. Our career education milestones which students complete alongside their studies have been developed with industry in mind, ensuring that each student graduates from the AGSM with key skills in problem solving, professional brand, case approach, interview techniques, pitch and presentation skills, and a strong network.

Career Accelerator @ AGSM can help you connect with students to offer internship and project opportunities, advertise vacancies through our job board, sponsor case competitions, host strategic consulting projects, attend networking events, join industry panels or present during our weekly industry focused workshops as a guest speaker. We regularly host industry-focused events which provide opportunities to showcase your organisation as an employer of choice and we can also connect you with our student-led AGSM Student Association (ASA) to partner on tailored events and initiatives.

For a more in-depth look at the professional backgrounds of our MBA candidates, we invite you to review the 2025/26 edition of the AGSM Resume Book, which is released in September, and features a resume from each student in our Full-Time cohort and many of our students in the MBA (Executive) and Part-Time MBA programs.

We look forward to working with you and your organisation throughout the year, and please contact us via careercentre@agsm.edu.au for any student engagement or recruitment related inquiries and our Lead, Industry Engagement (MBA) will be in touch right away to discuss options with you.

Sabine King
Director, Career Accelerator
UNSW Business School

Full-Time class of 2026 - Student Profiles	08

From the Academic Director

AGSM's Full-Time MBA students are selected from across the globe for a world class management education, with outstanding leadership and professional development and a strong focus on responsible business, including sustainability and ethics, throughout their program.

We are proud to present to you our Full-Time MBA 2026 cohort, who will graduate in May 2026. As always, we have an international MBA cohort, representing 25 countries and 17 industry sectors, including financial services and banking; consulting and strategy; government and defence, IT and telecommunications, media and entertainment; energy; healthcare; consumer goods and retail; and property. A key feature of our MBA is applied and experiential learning through heavy engagement with industry and there are several ways for industry leaders to connect with our MBA cohort. You can engage an intern, commission a strategic consulting project, provide a guest lecture, host a field trip at your office, establish a scholarship in your name, and of course, you can hire our outstanding talent. We invite you to meet with us to discuss how we can create valuable engagement opportunities for your organisation.

Associate Professor Michele Roberts

Associate Dean (Post Experience)
AGSM @ UNSW Business School

Career Development Program

Career Accelerator @ AGSM partners closely with our students to provide a highly personalised professional development program to meet the high standards of our corporate partners while aligning seamlessly with our academic curriculum. Our world-class faculty, renowned for their deep industry insights and extensive networks, leverage live case studies to enhance theoretical learning with real-world relevance and engage with the business community. This enables students to strengthen their professional networks whilst also providing invaluable insights into the dynamic and fast-paced Australian business landscape.

The AGSM MBA experience is profoundly transformative, leading our students to continually evolve their career aspirations as they explore new industries, functions, and concepts throughout their studies. At Career Accelerator @ AGSM, we are dedicated to igniting the spark of possibility rather than merely placing students, and we gauge our success on more than just statistics.

The Full-Time MBA at AGSM offers a truly unique journey, with each student embarking on it for different reasons. Alongside the rigorous academic curriculum that hones critical thinking and management expertise, our immersive professional development program sharpens career management skills and refines advanced interpersonal abilities. This equips our graduates not only with business acumen but also with the refined professionalism necessary to tackle contemporary business challenges head-on.

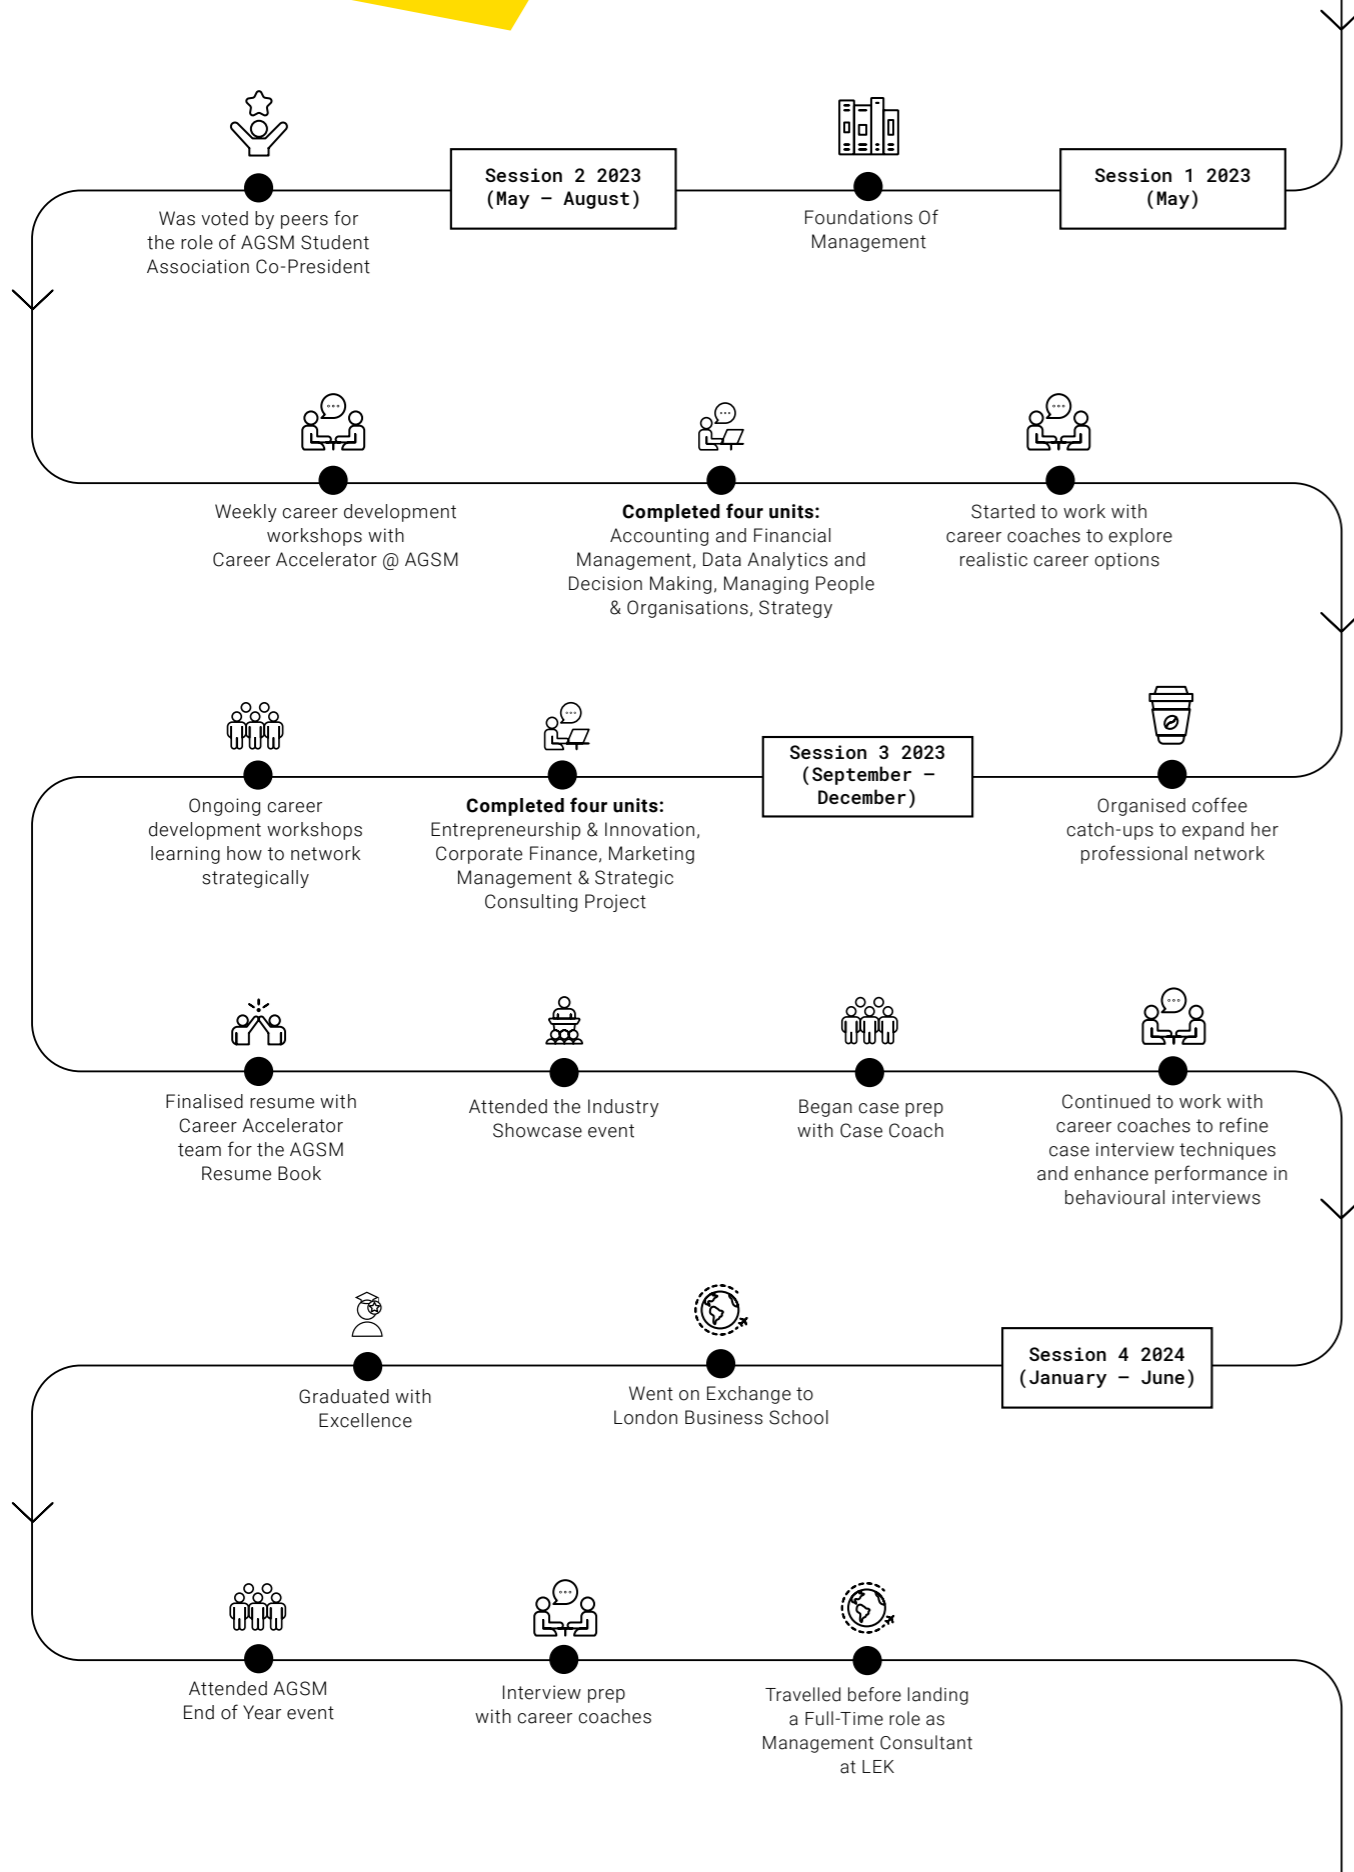

Central to our professional development ethos is bespoke support, group workshops, and specialised coaching. Career Accelerator @ AGSM works closely with each student to craft their personal brand, hone strategic networking capabilities, master interview techniques, and craft effective job search strategies. Each student's post-AGSM Full-Time MBA journey is unique whether they enter top-tier consulting firms, become industry leaders, or pursue entrepreneurial ventures, every graduate possesses the tools to make a lasting impact and carve out their own career path.

Industries

Functional Experience

Alek Breznik

in [linkedin.com/in/alekbreznik/](https://www.linkedin.com/in/alekbreznik/)

Bachelor of Arts, Master of Management

English

Senior Manager
PwC Australia

Consultant with more than nine years of experience helping businesses grow through commercial advisory, client engagement, and program transformation. Delivering high-impact initiatives to create value for ASX-listed and unlisted clients across industries, geographies, and market segments. Looking forward to deepening my capabilities in leadership, innovation, and value creation to progress my career.

Alexander Clatworthy

in [linkedin.com/in/alexandermclatworthy](https://www.linkedin.com/in/alexandermclatworthy)

Bachelor of Engineering (Aerospace) Honours

English

Military Pilot Trainee
RAAF

Adaptable professional with seven years of experience in materials engineering, military aviation, and command and control of military operations. Developed innovative materials as an engineer, trained in advanced aviation systems under pressure, and coordinated joint missions across domestic and international theatres. Brings a unique combination of technical skill, operational insight, leadership capability, stakeholder management, and project delivery. Keen to leverage these transferable skills alongside my ongoing MBA for a wider impact on business and society.

Alice Johnstone

in [linkedin.com/in/alicejohnstone](https://www.linkedin.com/in/alicejohnstone)

Bachelor of International and Global Studies

English

Olympics and Paralympics Programmer
Stan Sport

Dedicated and results-driven professional with six years of experience in the high-pressure, rapidly evolving Australian media industry. Skilled at cultivating enduring stakeholder relationships, problem solving, data analysis, and strategic thinking. Committed to continuous learning and expanding my knowledge of emerging industries. Seeking to leverage my transferable skills alongside my MBA to explore strategy, and sustainability.

Ankisha Mathur

in [linkedin.com/in/ankisha-mathur](https://www.linkedin.com/in/ankisha-mathur)

Bachelor of Engineering (Computer Science)

English, Hindi

Senior Software Engineer
Fiery LLC

A technology expert with over six years of experience in Software Engineering, skilled in technical backend innovation, system design and development of applications that enable seamless customer experiences. Now pivoting into core business functions, sustainable management practices and strategic thinking, adding new dimension with my creativity. Passionate about bringing positive change in the world through growth-driven mindset.

Ariel Ngo

in [linkedin.com/in/ariel-thai-anh/](https://www.linkedin.com/in/ariel-thai-anh/)

Bachelor of Economics (International Trade)

English, Vietnamese

Principal Account Manager
Google Asia Pacific

A mobile app professional with 10 years of experience across startups, SMBs, and MNCs, including 6 years at Google shaping the growth of Southeast Asia's mobile app and gaming ecosystem. Skilled in leading go-to-market and growth strategies for the mobile apps business to expand globally, and in managing C-Level partnerships. Looking forward to connecting with professionals in the technology sector and exploring careers that utilise my experiences in product marketing, GTM, and growth strategies.

Anthony Caton

in [linkedin.com/in/apcaton](https://www.linkedin.com/in/apcaton)

Currently seeking a leadership role to guide strategy, mentor teams, and scale innovative solutions with global impact.

Sofia Leon

in [linkedin.com/in/sofialeoneffio](https://www.linkedin.com/in/sofialeoneffio)

Bachelor of Industrial Engineering

Spanish, English

Senior Field Marketing
Mattel Inc

Marketing and trade strategy professional with over seven years of experience at Mattel, Inc. and The Coca-Cola Company. Skilled in leading national above-the-line and trade marketing campaigns, managing budgets of up to \$5M, and leading cross-functional teams of up to five. Committed to innovation, data-based decision-making, and strategic problem-solving to drive growth in established and emerging markets. Motivated to explore opportunities in the FMCG sector in Australia to deliver outsized impact.

Shreya Shah

in [linkedin.com/in/shreya-shah-s/](https://www.linkedin.com/in/shreya-shah-s/)

Bachelor of Engineering (Civil) & Bachelor of Business Management

English, Hindi, Gujarati

Project Engineer
Sydney Metro

Experienced Project Manager with a track record of delivering large-scale public infrastructure projects and enhancing transport systems impacting millions. Skilled in stakeholder engagement and navigating complex, fast-paced environments. Proficient in Power BI and MS Project to support data-driven decisions, track KPIs, and optimise performance. Strong interpersonal, negotiation and conflict resolution skills. Seeking an advisory management role at the intersection of infrastructure planning, analytics, and execution.

Tammi Giani

in [linkedin.com/in/tammihildagiani](https://www.linkedin.com/in/tammihildagiani)

Bachelor of Economics (Financial Management)

Indonesian, English

Budget & Control
AIA Insurance

Experienced strategic leader with nearly a decade of finance expertise. Skilled in end-to-end project management across transportation, logistics and insurance sectors. Empathetic team leader who works with diverse cultures to build business from start-up to scale up across family businesses and multinational corporations. Seeking a managerial position in an NGO to leverage my skills and deliver bold social outcomes.

Simon Bonde

in [linkedin.com/in/simon-bonde](https://www.linkedin.com/in/simon-bonde)

Bachelor of Laws, Master of Laws, LLM in Comparative Law

Danish, English

Senior Legal Counsel
Nets Denmark A/S

A commercial legal professional with eight years of experience working in M&A across a wide variety of industries including digital payments, electronic identification, insurance, real estate and construction. Skilled at distilling complex issues into clear insights and proposing solutions that balance legal risk with commercial strategy. Looking forward to exploring commercial roles that require problem-solving, accountability, and implementation.

Tatiana Orence

in [linkedin.com/in/tatiana-orence](https://www.linkedin.com/in/tatiana-orence)

Bachelor in Business Administration

Spanish, English, Portuguese

Digital Marketing Lead
Bullmetrix

Agile and strategic marketing leader with over nine years of experience in corporate finance operations (J.P. Morgan) and growth marketing consulting within dynamic, high-impact environments. Skilled at aligning business strategy with digital planning to drive performance across industries and global markets. Proven track record in driving change, managing cross-functional projects, engaging stakeholders, and accelerating business growth through data-driven decision-making using Power BI and Tableau. Passionate about strategy, innovation and facilitating companies scale in competitive environments.

Vishal Gupta

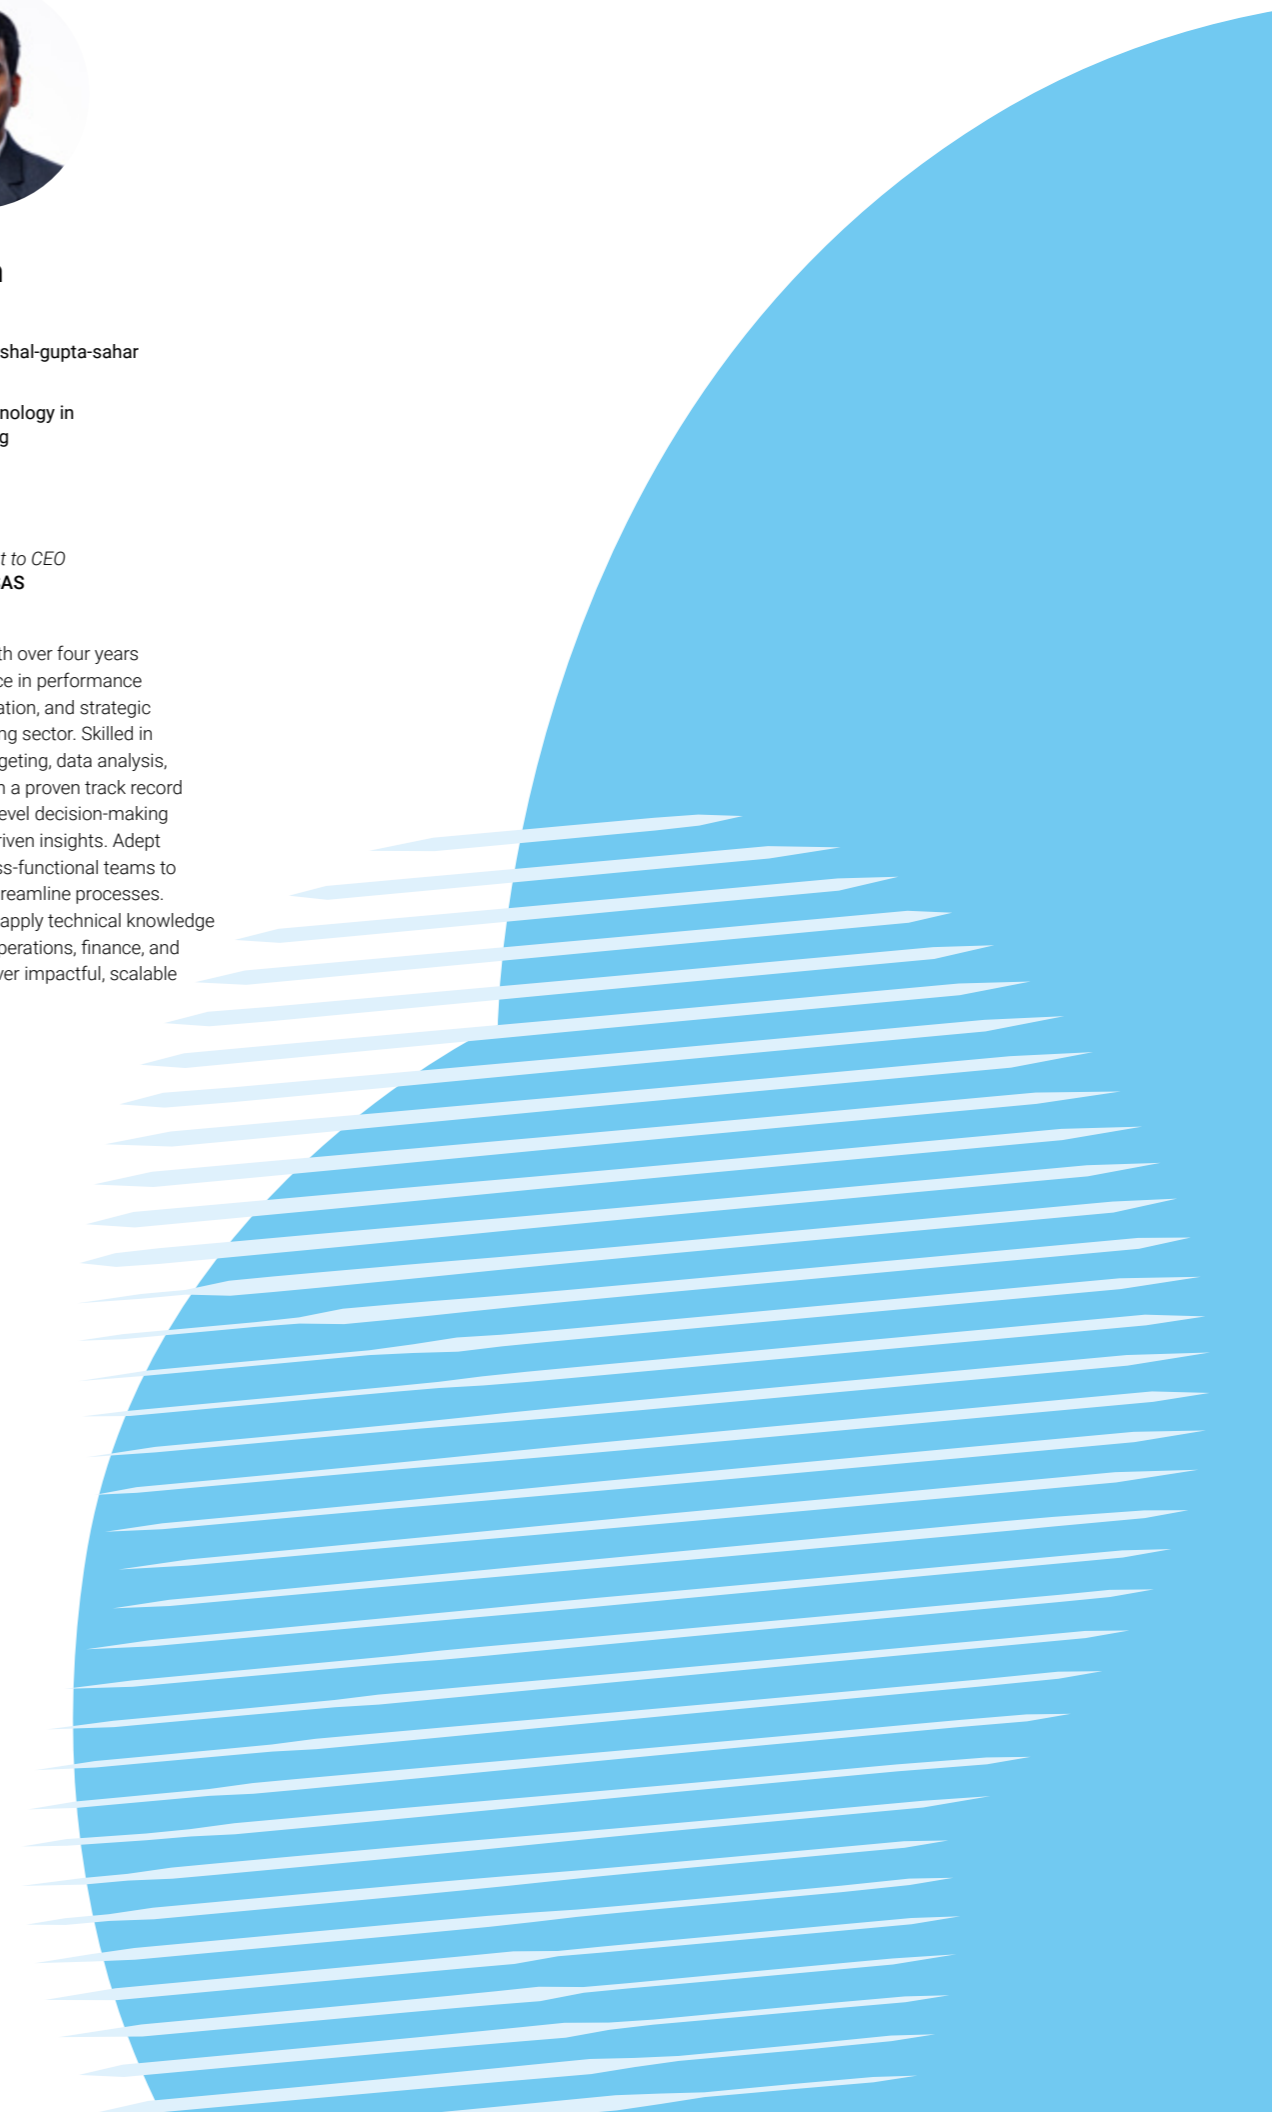

in [linkedin.com/in/vishal-gupta-sahar](https://www.linkedin.com/in/vishal-gupta-sahar)

Bachelors of Technology in Mining Engineering

English, Hindi

Executive Assistant to CEO
Dynamic Mining SAS

An operations analyst with over four years of international experience in performance monitoring, cost optimisation, and strategic planning across the mining sector. Skilled in operations planning, budgeting, data analysis, and problem-solving, with a proven track record of supporting executive-level decision-making through practical, data-driven insights. Adept at collaborating with cross-functional teams to improve efficiency and streamline processes. Seeking opportunities to apply technical knowledge of mining and logistics operations, finance, and business strategy to deliver impactful, scalable solutions.
