**UNSW College offers a
supportive pathway to help
students PROGRESS to a
UNSW degree.**

In just 12 months, your students can join their friends in second year at UNSW Sydney.

Why study a Diploma Program?

A Diploma is a 12-month program, equivalent to first year of university studies to help students gain the skills and knowledge needed to step directly into the second year of a UNSW degree.

Progress directly to second year at UNSW with **no time lost**

Smaller class sizes (~20 students) with 20% extra teaching time (up to 25hrs per week)

Tailored **academic support** & consultations for a smooth transition to university

Study **on campus** with access to UNSW's world-class facilities from day one.

Earn **two qualifications**: a **Diploma** and a **UNSW degree**

Same high academic standards and learning outcomes as UNSW first-year
