## SoHS Honours

Please refer to [Science Honours website](#) and [SoHS website](#) for the application process. Please attach the completed form as the attachment required in the "Intention to Undertake Honours" online form.

Student Details	
Last Name:	Student ID:
Given Name(s):	Phone/Mobile No.:
Current Program Code/Name:	Study Areas (select one option):
Commencing term:	<input type="checkbox"/> Exercise Science <input type="checkbox"/> Nutrition and Dietetics
<input type="checkbox"/> T1 <input type="checkbox"/> T2 <input type="checkbox"/> T3	<input type="checkbox"/> Exercise Physiology <input type="checkbox"/> Pharmacy
	<input type="checkbox"/> Physiotherapy

Negotiated Research Project Title	
Does this project require human or animal ethics approval?	<input type="checkbox"/> Yes
If YES, please attach the ethics approval letter.	<input type="checkbox"/> No
<i>Note - The application can only be provisionally approved until all ethics approvals are in place.</i>	
Is this project based in a hospital/clinical school or require any research or data collection at a hospital?	<input type="checkbox"/> Yes
If YES, students must be fully compliant with the <a href="#">NSW Health Requirements</a> .	<input type="checkbox"/> No
<i>Note - Students cannot commence at hospital locations until they are compliant with the NSW health requirements and have been allocated a ClinConnect placement.</i>	
Location where the project will be undertaken:	

Supervisor Agreement	
By signing this form you are acknowledging the following: <ul style="list-style-type: none"> <li>You commit to taking this applicant as your honours student if they meet the entry requirements.</li> <li>You have or will have any required ethics approvals in place prior to the start of the project.</li> <li>You have the financial and material resources required to undertake the project.</li> <li>Supervisory team will provide a minimum of 1 hour interaction with the student per fortnight and additional time when the Research Proposal and Project Manuscript are due.</li> </ul>	
Supervisor Name:	Email Address:
Signatures	
Student:	Supervisor:

## ENTRY REQUIREMENTS AND APPLICATION PROCESS

1. SoHS Honours welcomes applications from students across a diverse range of backgrounds. Typically, we receive applications from Health Sciences students (e.g. Exercise Science/Exercise Physiology, Physiotherapy, Pharmaceutical Medicine, Nutrition and Dietetics) who have completed their undergraduate degree in these disciplines. However, students from other disciplines who are interested in Health Sciences research are welcome and should discuss their Honours year with a potential supervisor and/or the SoHS Honours coordinator.
2. The minimum eligibility requirements for Honours at SoHS are:
  - An overall WAM of  $\geq 65\%$  (credit average) for your Bachelors Degree;
  - Satisfied the requirements of the program in which you are enrolled;
  - Acceptance by a supervisor.
3. You should discuss available projects with potential supervisors before completing this form (please refer to the SoHS Honours website for the list of projects and supervisors). Primary supervisors must be an academic or conjoint title holder in UNSW Medicine and Health and approved by the SoHS Honours committee.
4. Students completing programs in 3890 Bachelor of Applied Exercise Science, 3891 Bachelor of Nutrition, 3892 Bachelor of Pharmaceutical Medicine, 3893 Bachelor of Exercise Science, 3991 Bachelor of Medical Science, 3987 Bachelor of Science (International), 3925 Bachelor of Science and Business will need to graduate from their Bachelor programs and apply for the 4500 Bachelor of Science (Honours) program. Once accepted and matriculated into the 4500 Science (Honours) program, you will be able to enrol in the HLTH4016 Honours course.
5. ALL STUDENTS (including continuing UNSW students in the Advanced Science and other Honours embedded programs): Please see the Faculty of Science Honours webpage regarding the application process. Please upload a copy of this completed form in "Section 4: Honours Supervision" when submitting the Intention to Undertake Honours form.

## THE HONOURS COURSE

The SoHS Honours course HLTH4016 is a research focused course that runs across three terms full-time, with an expected commitment of 35 hours per week. Students can commence the Honours course in either T1, T2 or T3. While students can engage with the research project by doing some background reading, you cannot commence any research work until you have enrolled and completed the necessary Workplace Health and Safety training and/or NSW Health compliance. HLTH4008 is the part-time option that runs across six terms subject to permission from the SoHS Honours Convenor and your proposed supervisor.

The work submitted for assessment as the project manuscript must only be conducted during your enrolled candidature.
